I started Student Missionary training with Adventist Frontier Missions July 18 and graduated this weekend. It was a fun and very life changing experience and I'm very thankful for the opportunity to be a part of it. I would recommend AFM training to anyone! It was a very wholistic experience that helped me grow in relationship skills, spiritual skills and physical skills.

Now as many of you may know my original launch date was scheduled to be August 18 but we are still waiting on visas to enter the Philippines. Right now I am projected to launch in early September.

Finally I want to let y'all know that I reached my fundraising goal and am so very thankful to all of you who have supported my work with AFM! I also have created an Instagram account where you can find me by searching my name or my username thepathfinder629. I'll try to post some pictures regularly. I plan to put up some pictures of training in the next few days. Feel free to contact me if you have any questions or there are different types of pictures you'd like to see. You can DM me on Instagram, send me an email, or give me a text or call on whatsapp or signal anytime.
